

Welcome to Ceramiche Bianconi Pietro

We are excited to introduce in this catalogue a selection of our best ceramic bisque products, created with great passion here in our factory in Italy.

A family business, our company has 40 years of experience and expertise. My father learned the craft at a very young age and has shared this passion and creativity with my mother for many years.

We have a wide variety in our line, from tableware to decorative pieces, all produced to the highest quality standards. This together with our attentive and personalized service has made us a leader in ceramic bisque production.

We hope to become a valuable partner, collaborating and supporting our customers with great success.

It would be our pleasure to welcome you for a visit to our factory.

If you don't find the exact product your looking for in the catalogue we are happy to create a custom design to your needs.

We thank you for your support!

Valeria Bianconi
